

Instructions for the submission of manuscripts to the special issues

Each registered delegate and invitees can submit one manuscript in the journal of their choice from the following journals.

- **Systems Microbiology and Biomanufacturing** (Springer Nature, SCIE journal, Cite Score for 2023- 4.3): Go to <https://www.editorialmanager.com/smab/default.aspx> and follow the steps. Select SI on *Emerging Trends in Systems Microbiology and Biomanufacturing* (ETSMB-2024) under Article type.
- **Journal of Food Science and Technology** (Springer Nature, IF for 2023- 2.6): Go to <https://www.editorialmanager.com/jfst/default.aspx> and follow the steps. Select SI on *Sustainable Innovations in Food Fermentation and Technology* (SIFT-2024) under Article Type.
- **Energy and Environment** (Sage publication, IF for 2023- 4.0): Go to <https://journals.sagepub.com/author-instructions/EAE> and follow the steps. Select SI on *Emerging Sustainable Energy and Environmental Processes: Challenges and Opportunities* (ESEP-2024) under Article type.
- **IUBMB Life** (Wiley, IF for 2023- 3.7): Go to <https://mc.manuscriptcentral.com/tbmb> and follow the steps. Select SI on *Emerging Trends and Innovations in Biotechnology* (ETIB-2024) under Article type.
- **Biotechnology and Applied Biochemistry** (Wiley, IF for 2023- 3.2): Go to <https://iubmb.onlinelibrary.wiley.com/hub/journal/14708744/author-guidelines.html> and follow the steps. Select SI on *Sustainable Industrial and Environmental Bioprocesses* (SIEB-2024) under Article type.
- **Microbial Biotechnology** (Wiley, IF for 2023- 4.8): Go to <https://enviromicro-journals.onlinelibrary.wiley.com/journal/17517915> and follow the steps. Select SI on *Sustainable Industrial and Environmental Bioprocesses* (SIEB-2024) under Article type.
- **Sustainable Chemistry for the Environment** (Elsevier, Cite Score 0.4): Go to <https://www.sciencedirect.com/journal/sustainable-chemistry-for-the-environment> and follow the steps. Select SI on *Innovations in Biotechnology for Sustainability* under Article type. This is an open access journal but APC will be waived off for all the articles submitted on or before 31 December 2024.
- **Industrial Bioresource Engineering** (Open access, no APC will be charged): Go to <https://ojs.wiserpub.com/index.php/ibe/index> and submit the article. In the covering letter, mention the work was presented in IBS-2024.

Timeline: All the SIs will be opened on December 1, 2024, and close on February 28, 2025 (no extension).

Covering letter: Authors must state their conference details, including registration and/or abstract number in the covering letter.

Review process: All the submissions will follow the standard peer-review process of the journals.
